✓ Ensure Competency

✓ Reduce Manual Efforts

✓ Identify Training Gaps

# Training Management is Challenging

# Training Integrated With Your QMS

- ✓ Assign training to individuals, set due dates, and keep track of tasks to ensure completion
- ✓ Connect your training activities with the rest of your QMS for a fully integrated workflow
- ✓ Efficiently create, duplicate, assign, and track individual or role-based training activities
- ✓ Obtain 21 CFR Part 11 signatures so you're always audit-ready
